

Multifunction detector ALTAIR 5X

Portable multifunction
gas detector ALTAIR 5X

Detector ALTAIR 5X

Advantages:

- ✓ Durable design for use in demanding industrial environments
- ✓ Easy configuration
- ✓ Possibility of mounting 5 different MSA XCell detectors
- ✓ Possibility of connection via Bluetooth
- ✓ Integrated PID sensor
- ✓ ATEX Certification

Multifunction gas detectors Altair 5X are available with a high-resolution color or monochrome LCD display and multilingual settings. The colors of the display can be easily adjusted. Easy-to-configure detectors with interchangeable plug-and-play msa Xcell sensing slots can monitor up to six different gases simultaneously. An optional case for working in the dark is available for units equipped with an infrared sensor.

The Altair 5X is powered by a lithium-ion battery that lasts up to 20 hours of full operation. The detector is fully compatible with the msa GalaXy® GX2 automatic test system and the msa link software.

Important Note: The technical parameters of the ALTAIR-5X can be modified. Contact us for further technical advice and tailor-made solutions.
